## PRODUCT CATALOGUE

HUMAN POWERED PLAY PRODUCTS

# HUMAN POWERED ENERGY

THESE INTERACTIVE PRODUCTS ARE FOUNDED IN THE NETHERLANDS AND RUN ON HUMAN POWERED ENERGY. THIS MEANS THAT THERE IS NO NEED FOR ANY BATTERIES OR EXTERNAL POWER SUPPLIES. CHILDREN GENERATE THE NECESSARY ENERGY SIMPLY BY THEMSELVES WHILE THEY ARE PLAYING AND HAVING FUN! THIS CAN BE DONE BY SPINNING A HANDLE, SWINGING, JUMPING OR BY PRESSING A PEDAL. THE PRODUCTS ARE FUN, SUSTAINABLE, HEALTHY AND REWARDING. PLUS, THEY MOTIVATE PEOPLE TO START MOVING! MUSIC, LIGHTING, GAMES, PUSH BUTTONS, WATER AND MANY MORE ELEMENTS PLAY A KEY ROLE IN THE PRODUCTS.

 All products are 100% Human Powered. The user generates the energy. There is no need for external electricity or batteries.

 All products can enrich the playing experience through LED lighting technology.

 All products use .mp3 coding format. This is a universally used file format for audio. Several products have the .mp3 file on a removable USB stick. It allows for easy customization and content creation.

 All products enhance the playing experience through beautiful audio design.

 All products offer fun, exciting and challenging games through brightly illuminated push buttons or other forms of input.

 All products are weather resistant.
